

Old Kinderhook Resorts' Efforts to Manage Coronavirus (COVID-19)

The health and safety of our guests and employees are of utmost importance. As our guests plan to visit The Old Kinderhook Resort, we anticipate that they may have questions about our efforts to manage Coronavirus (COVID-19).

There is no issue more important to us than making sure we manage this situation as effectively as possible.

Here's where we are at this time:

- We are reminding employees to wash hands often.
- Advising employees to stay home if ill, especially with a fever of 100.4
- Clean and disinfect high-touch surfaces daily which includes: tables, chairs, doorknobs, light switches, remotes, handles, desks, toilets, sinks, hand railings, and telephones.
- Every guestroom is thoroughly cleaned and sanitized daily.
- Our golf carts are sanitized between use.
- Our Trophy Room Restaurant and Hook Café are taking extra precautions to ensure guest safety.

We value your trust and loyalty to Old Kinderhook. We are committed to implementing recommendations from the health authorities to give you peace of mind as you visit our beautiful resort in the Ozarks. The health and safety of our guests and employees will be our most important consideration, especially in these challenging circumstances.

What safer place could you be than on the 15th fairway at the Old Kinderhook Resort with 3 of your closest buddies?

Sincerely,

Dexter Whitney
General Manager
Old Kinderhook Golf & Spa Resort
